

# Starting of a Vermicompost Unit Nagaon G.N.D.G. Commerce College

In the relevance and continuation to the one of the Best Practice of **Go-Green** that the college follows a **“Vermicompost Unit”** was set up on 14<sup>th</sup> February, 2023 at Nagaon G.N.D.G. Commerce College in order to motivate students as well as to manage the green waste of the College campus. Dr. Bhaswati Sarma, Assistant Professor, Botany Department has been engaged to look after the project. By May, 2023 the first batch of compost was ready. The results were very encouraging. The first batch of the compost was sold out.

A small programme was organized on 9<sup>th</sup> May, 2023 presence of respected Principal, Dr. Mriganka Saikia, Vice-Principal, Prof. Mridul Mahanta and all other teaching and non-teaching staff members of our College to create awareness of the first step towards commercialization of in-house product of Nagaon G.N.D.G. Commerce College. The compost product was utilized in the college for gardening purpose and the excess Vermicompost was sold to teaching and non-teaching staff members of the college at a minimum rate. This is an attempt for self-fund generation to the College and at the same time students are also provided knowledge about the project and guided to use such type of activity in their personal life also.
